NATIONAL ARCHIVES MICROFILM PUBLICATIONS

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

Summary:

1.0. 24.70

2nd Kentucky Cavalry (1/8/36) CW

January 12, 1904.

Honorable Lawrence O. Thippes.

United States Senate.

My dear Senator Thippes:

In response to your letter of the 8th instant in which, for a constituent, you request a statement of the activities of Company E, 2nd Kentucky Volunteer Cavalry, Civil War, I have the honor to inform you as follows:

No compilation has ever been made by this Department showing in detail the histories of the volunteer companies and regiments of the Civil War, and consequently I am not able readily to send you full details regarding the activities of said company. However, I take pleasure in sending you the following facts concerning said company and regiment, which will probably serve the purposes of your constituent.

The Second Regiment Kentucky Cavalry Volunteers was organized at Camp Joe Holt and Camp Haldraugh's Hill, Kentucky, between September 9, 1861, and February 15, 1862, with Colonel Board Buckner as commander, to serve three years. Company E was mustered in at Camp Haldraugh's Hill September 27, 1861, with Captain Oliver T. Booth as commander. The regiment reentered the service as a veteran volunteer organization February 6, 1864, at Bridgeport, Ala., for another term of three years, and was finally mustered out July 17, 1865, at Lexington, W. C. Colonel Buckner resigned December 25, 1864, and was succeeded by Colonel Thomas P. Nicholas, who resigned December 15, 1865. The subsequent commanders of the regiment were Lieutenant Colonels R. S. White and Owen Starr. Captain Booth of Company E resigned March 15, 1864, and was succeeded by Captain R. M. Gilmore.

The Second Kentucky Cavalry for the most part served successively in the Department of the Ohio, Department of the Mississippi, again in the Department of the Ohio, Department of the Cumberland, 14th Army Corps, and again in the Department of the Cumberland. It served successively in Kentucky, Tennessee, again in Kentucky, again in Tennessee, North Georgia, North Alabama, again in Georgia, South Carolina and North Carolina. It participated with General Buell's army in campaign and battle of Shiloh, Tennessee, in April, 1862, and in its pursuit of Bragg in Kentucky in the fall of 1862; in the operations near Stone's River, Tennessee, in December, 1862; was stationed at different points in Middle Tennessee and at Bridge-

port, Alabama, thereafter until the early part of 1864, and constituted a part of General Sherman's army in the so-called Atlanta campaign of 1864-1865 through Georgia, South Carolina and North Carolina. The principal battles in which the regiment took part were Shiloh, Chapin Hills (Perryville), Stone's River (Marstonboro), Chickamauga, Lookout Mountain, and all the battles of the Atlanta campaign. The history of Company B is substantially the same as that of the regiment.

A brief history of this regiment is printed in the Report of the Adjutant General of Kentucky, 1861-1866, Volume I, which includes a roster of the members of Company B. Your constituent can find numerous mentions of the regiment in the printed Official Records of the Union and Confederate Armies, by consulting the index volume thereof under the title Kentucky-Cavalry-Inf. These works can be consulted in many large public libraries.

Very respectfully,

The Adjutant General.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, and there's a faint shadow on the right side, suggesting it might be part of a bound volume.

While on duty was constantly skirmishing, at 5th mile with them (station at east mouth and left mouth with Sept 2 1862 for Louisville road was very hilly. Louisville we had a sharp skirmish with some three hundred (300) Texas Rangers. We arrived at Louisville Sept 20 1862 and during the city on the 30 Sept. we were put in the advanced position, which position kept us constantly skirmishing with the enemy. Near Bardonia we were suddenly met off by 1500 men (1300) of the Georgia Cavalry, we being far out of our distance in the advance. This position cost us five privates, one Captain, and five (5) Private, and one Sergeant killed. We were constantly skirmishing with the enemy.

borne on the Muster out-

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, and there's a small dark mark near the bottom left corner.

RECORD OF EVENTS.

On Dec 7 this Regt started from Alexandria Tenn & arrived at Strawberry Plains Dec 18th here the Command halted until the 23rd in consequence of the Holston River being too high to ford - On the morning of the 23rd the Command crossed & marched to New Market a distance of 15 miles. Here the advance was fired upon by the enemys pickets. It being late in the evening the Command went into camp after throwing out a heavy picket force. At day break on the morning of the 24th Dec the enemy attacked our pickets, when a spirited engagement took place resulting in a repulse of the enemy. Our loss on that day was 1 man.

I will only mention the Casualties in this Regt on that day which was 1 Commissioner's Officer wounded & 1
